Help Chapman celebrate International Bike to School Day by joining a walking, rolling, or biking train on October 2nd. What is a bike/ walk train - it's a group of students walking or biking to school together. Take a look at the routes below and meet the trains at a stop or just meet them along the way. If you want to join but don't live along these routes, feel free to drive a few blocks from school and join one of the trains. Walk + Roll to school will be providing treats and giveaways to all students that participate!
