Help Chapman celebrate International Bike to School Day by joining a **Biking/Rolling Train** on October 7th. What is a bike/ roll train - it's a group of students scootering, roller blading, biking or another form of rolling to school together. Take a look at the routes below and meet the train at a stop or just meet them along the way. If you want to join but don't live along this route, feel free to drive close to a train stop and meet us there.
